2. On 3 May 1954, the Comptroller recommended that, as the result of the transfer, the Logistics Office T/O and ceiling be reduced by one (1). On 7 June 1954, the Logistics Office, in a memorandum to the Management Staff, requested no action be taken as the result of the transfer of this individual. The Management Staff, on 6 July 1954, after a review, recommended no change be made in the Logistics Office ceiling. This recommendation was predicated on several factors, one of which was that the proposed T/O, contained in the 30 June staff study on the Logistics Office, made no provision for the assignment of an employee to the
